Communist push Italian government collapses

ME (AP) — Premier Aldo and his minority coalition nment resigned Wednesday after the Socialist party drew key parliamentary e setting off a new political e in the midst of a determined nist drive for a share in ruling tion.

A 13-month-old cabinet of 3 Christian Democrats and 1 Republican party was the Italian government to collapse e end of World War II, withdrawing their backing in mentary voting, the Socialists Marxist group that is Italy's largest party — complained the Moro government had e their ideas for solving the y's economic ills. They also e against communist prejudice t the Communist party.

The government's end came as an authoritative Washington source claimed that the CIA is funneling \$6 million directly to members of the Christian Democratic party, the Democratic Socialists, a party distinct from the Socialists. There was no known link between the funds report and the government collapse.

Leaders of the Christian Democratic and Republican parties denied receiving any CIA money. The Republican party had been named by the New York Times and the Washington Post as receiving such funds.

The 52-year-old Moro resigned after a 15-minute meeting with his cabinet and was to present his resignation to President Giovanni Leone. Based on past practice, the president will open consultations

The election rules for the 1976 ASBYU elections have been approved and are ready for distribution to any student who would like to run for office.

According to Ray Smith, ASBYU Election Committee chairman, all students must declare their candidacy no later than Jan. 19. All candidates must be formally nominated at a caucus to be held Jan. 20 in the Wilkinson Center Ballroom. This will also be the first day of legal campaigning.

Candidates are encouraged to have as many supporters at the nominating convention with posters, banners or anything else they would like to show their strength, said Smith. Election rules prohibit campaigning prior to the nominations convention.

Rules and application forms may be picked up in 115B ELWC. To be eligible to run for office, a student must have a 2.25 grade point average overall and also for the previous semester.

A candidate must not be on academic or disciplinary probation, and must be in compliance with BYU dress standards.

Election rules outline where, when and how

BYU will be well represented at a convention near Cleveland, Ohio where the LDS Church plans to explain the benefits of living the church's teachings.

President Spencer W. Kimball will be the featured speaker at the unusual meeting scheduled in the 20,000-seat coliseum in Richfield Township, midway between Cleveland and Akron on Jan. 30.

President Kimball's speech will climax a 90-minute program that will examine the code of health, lifestyle and philosophy which combine to strengthen families and make Mormons less susceptible than other Americans to cancer, heart attacks, diabetes and other catastrophic illnesses.

BYU's Lamanite Generation, a performing group composed of Indian students, and Vernon One, former Pittsburgh Pirate pitcher and present assistant baseball coach at BYU, are scheduled to participate on the program.

BYU alumni Sandi Griffiths, vocalist with the Lawrence Welk television show and Keith Merrill, graduate of the BYU Department of Communications and Academy Award winner for his film "The Great American Cowboy," are also on the program.

The Cleveland area was chosen as scene for the Jan. 30 meeting because of the important role Ohio played in the formative years of The Church of Jesus Christ of Latter-day Saints.

From 1831 to 1839, church headquarters was established at Kirtland, northeast of Cleveland and it was there that Joseph Smith, first prophet and president of the Church, received many of the revelations containing fundamental doctrines

and principles that continue to guide the Church. One of the revelations, the Word of Wisdom, received by Joseph Smith on Feb. 27, 1833, in

campaigning may take place, place a limit on \$150 of campaign expenditures (\$200 for president and executive vice president), and require a report on expenditures.

Procedures for dealing with alleged violations are also outlined in the rules. Violations are to be reported to the ASBYU attorney general.

The primary elections will be held Feb. 3-5. Election booths will be open from 7 a.m. to 9 p.m. Final elections will be held Feb. 10 and will end at 9 p.m. Feb. 12.

The election committee is trying for 51 per cent voter turnout. Last year's turnout was 36 per cent.

Kirtland, decrees abstinence from alcohol, tobacco, tea and coffee. It also lists grain as the staff of life, urges use of fruits, vegetables and herbs, and counsels moderation in consumption of meat.

Recent scientific studies at UCLA and the University of Utah, as indicated by findings cited by Bill Davidson in the January 1976, issue of "Family Circle" magazine, show:

—In heavily Mormon Utah County (population 90 per cent Mormon), the cancer death rate for men is 35 per cent below the national average; for women it is 28 per cent less than in the United States as a whole.

Utah, nearly three-fourths Mormon, has the lowest cancer death rate by far of any state — 17 per cent lower for men and 26 per cent lower for women.

In Utah and in Los Angeles County, the Mormon death rate from heart attacks and other cardiovascular disease was from one-third to one-half less than average.

Mormon women are an incredible 90 per cent below the national average in contracting cancer of the esophagus.

Recent studies confirm findings made in 1938 that Mormons have 50 per cent less occurrence of diabetes and 51 per cent less bladder and kidney disease.

Some scientists also hold that Mormons are better able to resist disease-causing stresses of life because of the stability of the church's strong family unit. Their assurance that life is eternal also eliminates fear of death and contributes to Mormons' optimistic view of life and its purposes.

Ski base site discussed

By DONNA ROUVIERE
Universe Staff Writer

Four Seasons developers met with the Provo City Commission and the Planning Commission Tuesday night to discuss problems and construction timing for the base site of the proposed ski resort.

The tourist complex is planned for eastern Provo, against the base of the mountains. The ski resort itself was not debated.

One problem cited by members of the city planning staff was the topography of the steep eastern part of the development. Staff members said some of these areas would require "drastic cuts and fills" in order to meet the proposed plan.

According to Gary Williamson, president of the Wilderness Associates, the design of some of the roads is being changed to eliminate the problems.

The plan includes high-density housing on the steepest areas of the hillside where roads are narrower and building is more expensive. This was another problem discussed.

The high-density housing, which includes hotels, is planned to be higher in elevation than the low-density housing. The Lawrence Welk and open space developments such as the golf course will provide a better view for those staying in the hotels and create a "more resort-like atmosphere," said Williamson.

The planners also wanted the high-density housing to be near a proposed funicular railway which will take hotel guests up to ski facilities which may be built.

The entire ski resort project is dependent on a U.S. Forest Service study to be completed this month. The study is to determine future environmental impact.

The proposed two-year development plan for the Provo part of the development was also presented by Williamson.

This includes, in 1976, obtaining zoning approvals, completing architecture of the "Cultural Villages," breaking ground on about 3,000 square feet of the villages, a theater and convention center, restaurants, and 200 hotel rooms; and constructing an

underground parking facility.

Other construction plans for this year include the nine-hole golf course and clubhouse facilities, five single-family dwellings and the first office building.

For 1977, plans include 30,000 feet of cultural villages, restaurants, more hotel rooms, the second underground parking facility, indoor and outdoor tennis courts and a swimming pool.

Twenty single-family dwellings, 30 townhouses, 40 village cluster units, and 40 units of student housing are also planned for 1977.

Other problems cited by planning staff included power lines which will be near hotels in the higher density area of the development. Williamson told the Universe that the developers are "planning around" the power lines.

The city commission, planning commission, developers and the city financial advisory group will meet Jan. 21 to discuss the developers financial situation.

Public planning commission hearings will be held Jan. 28 on the zoning and development of the project.

Guerrillas attempt Beirut blockade lift

BEIRUT, Lebanon (AP) — Palestinian guerrillas overran a Christian enclave Wednesday in an attempt to lift a blockade of two refugee camps. In another development, a Christian leader expressed doubt about the threats to annex Lebanon if it is divided along religious lines.

The guerrilla drive through the Christian enclave came after gunmen from private Moslem and Christian armies had put up barricades in most of Beirut, shattering a two-week lull in the

nine-month-old civil war. The state radio said all streets were unsafe.

Kuwaiti newspapers said Syrian Foreign Minister Abdul Halim Khaddam threatened Syrian annexation if Lebanon splits into Moslem and Christian states, as some Christian leaders have suggested.

Pierre Gemayel, leader of the right-wing Christian Phalange party, said in a telephone interview, "I know about Halim Khaddam, and I think what he said was just a figure of speech."

Cage pass distribution reviewed

There are three ways full-time students may get home-game basketball tickets, the ASBYU Athletics Office has announced.

Russ Dixon, ASBYU athletics vice president, said the three ways are first-come, first-served, random seating and block seating.

"To this point," he said, "we've had a surplus of tickets for home games."

The best tickets will be handed out under the first-come, first-served category, according to Dixon. These tickets will be handed out three hours before the game. At that time, only as many as two student tickets may be obtained free. Two guest passes may also be obtained at \$2.50 per pass for adults and \$1.50 for students.

First-come, first-served tickets will be distributed at the northeast Marriott Center ticket window.

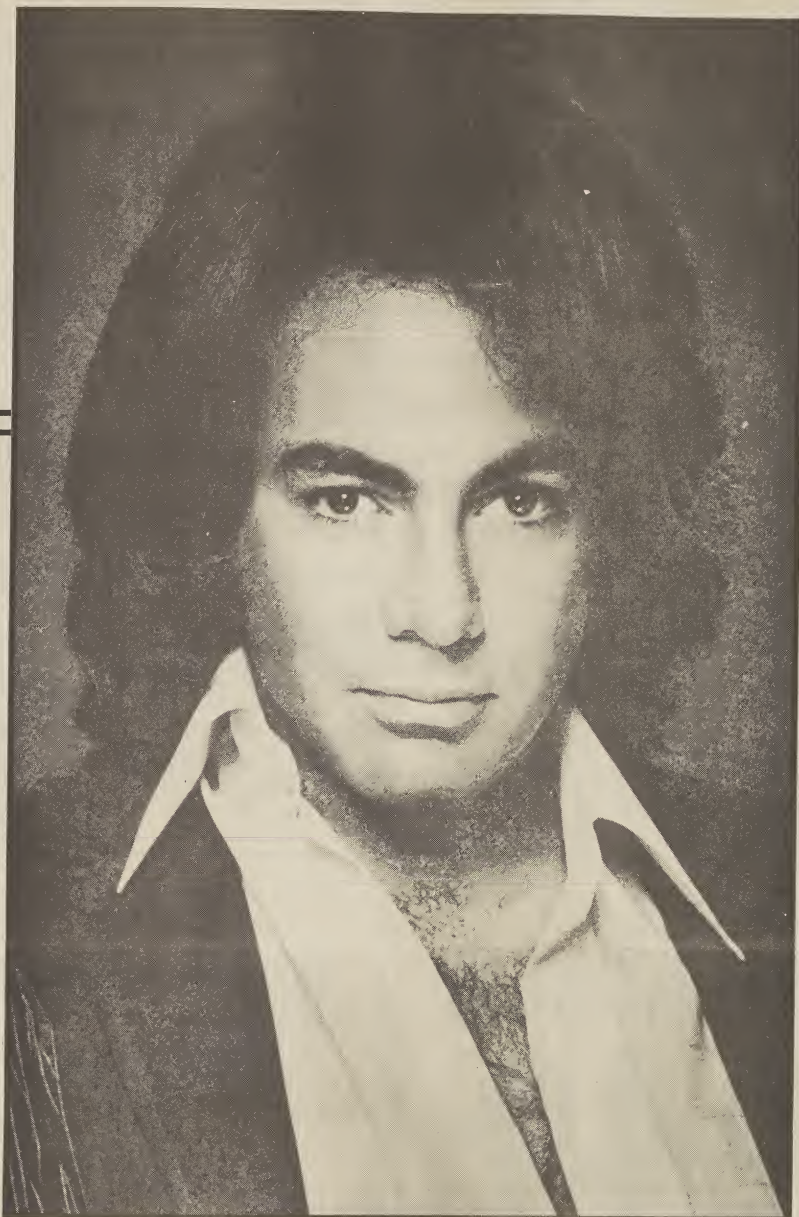

Approximately 1,300 seats have been reserved in this category.

Students may sign up for random seating tickets one and a half weeks before the game in the Cloak Room of the Wilkinson Center from 10 a.m. until 3 p.m. Students may sign up only once per game, according to Dixon. If a student's name appears twice, the computer which performs the random selection will reject the number.

Block seating tickets are available to groups and individuals. A list, which complies with instructions contained in a handout distributed by the Athletics Office, must be submitted by 5 p.m. at the fourth floor receptionist's desk the Monday before the game.

If there are two games, two lists must be submitted. The second list must not be a photocopy of the first, according to Dixon.

For those not in a branch or club, there will be a general block seating list at the receptionist's desk on the fourth floor, the Monday before the game. Students must sign up on the list before 5 p.m., according to Dixon.

Auto makers suffer bad year

By OWEN ULLMANN
Associated Press Writer

DETROIT (AP) — Despite an improved economy and a spurt in the new-car market during the fourth quarter, the nation's auto makers close the books on 1975 with their worst sales reports in more than a decade.

Year-end sales figures released Wednesday confirmed that consumer appetites for new domestic cars were the poorest since 1962, industry analysts.

Imports set record
A public craving for low prices and high fuel economy, however, provided a boom for imports, which withstood a sales lull in the waning months of 1975 to log their

third best year in history and carve out a record share of the U.S. market, the analysts said.

Seven of eight importers which released final 1975 figures on Tuesday said they set sales records last year: Fiat, British Leyland, Volvo, Mercedes-Benz, Subaru, Peugeot and Alfa-Romeo. Fiat surpassed the 100,000-sales mark for the first time in its history.

All four U.S. car makers and distributors for 13 other imports report their December and year-end sales figures today.

Analysts predicted December domestic sales would be up 33 per cent and import sales up 17 per cent from the disastrous levels of December 1974, when the industry

was caught in a sales downturn brought on by recession.

For the domestic companies, it would be the third consecutive month in which sales were up sharply from the same year-before period. November sales were up 35 per cent and October sales up 23 per cent.

The fourth-quarter gains, however, were not enough to offset depressed volumes in the first nine months of the year. Analysts said domestic sales for 1975 would be off more than 5 per cent from an already poor 1974 and down 27 per cent from the record established in 1973.

Domestic sales for 1975 were estimated at 7,045,000, compared with 7,449,000 in 1974 and 9,670,000 in 1973.

Woman eyed for envoy post

WASHINGTON (AP) — Anne Armstrong, the highest ranking woman in government during the Nixon administration, will be named ambassador to Great Britain, government officials report.

The White House declined to confirm the nomination on Tuesday, but sources said privately that she would be nominated. The appointment would make Mrs. Armstrong, 48, the first American woman named ambassador to a major embassy since Clare Boothe Luce served as U.S. ambassador to Rome from 1952 to 1957. She also would be the first woman envoy named by a major country to London, Officials said.

Club members slate activities

ARIZONA CLUB

Due to conflict in scheduling, the dance will be on Saturday night at 8:30 p.m. in 134 RB, instead of Friday.

BLUE KEY

Rush meeting on Monday, January 12 at 5:10 p.m. in ELWC 379. Come and learn all about New York City's financial crisis from Dr. James Keart, professor of Economics. All prospective members are invited and encouraged to attend. Don't forget this Sunday's fireside with Brother Bruce Hafon at 9 p.m. at Shadowbrook's Clubhouse. Rushes are welcome at both events.

CHESS CLUB

Meeting tonight at 6:30 p.m. in 370 ELWC. Details for annual ASBYU Winter Tournament.

SHOMRAH KIYEL

Meeting tonight from 6:30 - 8 p.m. in JKB 86 (Thatcher Room). Come one and all; bring your ideas and spirit.

SKI RACING CLUB

Meeting tonight at 6:30 p.m. in 262 SFH. Important!! Every club and team member should attend. We have a lot of great ideas and plans to organize. Hope to see you there!

FLYING COUGARS

A special organizational meeting. All club members must be there Thursday at 8 p.m. in 375 ELWC. We will discuss the new semester.

ORSON HYDE CLUB

Meeting Saturday from 7 - 9:30 p.m. in 133 RB. Performance group will meet from 9 - 12 a.m. Saturday in the JSB Banquet Hall. We are

also sponsoring an Israeli Folk Dance and culture class M.W.F. from 12 - 1 p.m. in JSB Auditorium - everyone welcome.

ORGANIZACAO BRASILEIRO AMERICANA

We want to invite all club members and all people that speak or understand Portuguese to attend the Portuguese session next Saturday, January 10 at 10:30 a.m. in the Provo Temple.

JUDICIARY ASSOCIATION

Organizational meeting January 15 at 7 p.m. in 208 JRCLE. Anyone interested in joining or learning more about the association, and all old members feel free to come! Refreshments!

SAMUAL HALL SOCIETY

Welcome back to another great year for Sam Hall. T.G.I.S. on Saturday. Ice Skating, meet at Alta parking lot at 1 p.m., skating will be at the lake. Remember to pick up basketball game tickets. Officer's meeting at Scott's.

CHINESE STUDENT ASSOCIATION

Opening social Saturday at 7 p.m. in JKB 86. We'll show two Chinese feature movies: "A Diary of a Girl Soldier" and "Bitterness and Happiness."

SPURS

Attention! All spurs and knights! The first activity of the new semester will be a very exciting niteside with Bro. and Sis. Edwards speaking on the life of the Prophet. Sunday at 9 p.m. in ELWC 321. Don't miss out!

Club Notes

TAE KWON DO

Meeting tonight at 8 p.m. in Room 133 RB.

THE DACTYLOLOGY DEAF CLUB

Meeting tonight at 8:30 p.m. in 545-547 ELWC. Will have guest speaker.

Tip in airport bombing just prank, say police

NEW YORK (AP) — A much-sought "tipster" in the La Guardia Airport bombing has been found and discounted as a prankster, police said Tuesday.

The tipster was woman who telephoned the police emergency number last week to say her 12-year-old daughter had overheard two men warning police of the impending explosion on Dec. 29. But the woman hung up without giving police their names.

Police had since issued repeated public appeals for the two to come forward, and Tuesday they said the pair had called the police emergency number Sunday and been found through previous "police involvement" in the South Bronx.

Police have also said they have no record of any man calling police to warn of the explosion, which claimed 11 lives.

Shopping headaches cut by mail

Ombudsman

Tired of nosy and pushy sales clerks? Don't have a way to get to a store? Need something stores don't usually carry? The answer may be buying by mail, but "let the buyer beware."

The first rule is to remember to include your mailing address with the order. Do not pay by cash, and if you pay by check keep the canceled check as well as the company's name and address and date of purchase as part of your personal record. Be patient, allow 4-6 weeks for delivery.

If you receive merchandise you didn't order, you can consider it a gift, no matter what the company says. If your order comes C.O.D., check it before you accept it. If it comes by mail and isn't right, notify the company as soon as possible.

If the ad says "approvals" come with the order, it means that the company will periodically send you merchandise to check over. You can keep it and pay for it, or send all or part of it back, and pay for what you keep.

Of course, the buyer should be careful of any ad that offers unrealistic prices or quantities. If in doubt about a company's reliability, check with the Office of the Ombudsman, the Chamber of Commerce, or the Better Business Bureau (In Salt Lake).

Little impact expected as oil price limits end

WASHINGTON (AP) — The Federal Energy Administration on Tuesday ended its requirement that price increases on gasoline and light fuel oils be limited to once a month.

The move, effective retroactively to Jan. 1, leaves refiners, distributors and dealers free to raise or lower prices as often as they wish. It is expected to have little change effect on retail prices, however.

At the same time, the FEA proposed to remove the limit on profit margins allowed refiners, which remained in effect after most other anti-inflation profit restrictions were removed.

FEA Administrator Frank Zarb noted that in signing the new Energy Policy and Conservation Act, President Ford directed FEA to begin promptly to remove unnecessary controls from the petroleum industry.

6 ballet performance enhanced by new cast

By CAROL ANASTASI
Universe Staff Writer

West's 1976 production of "The Nutcracker" opened Tuesday afternoon to a crowd in the de Jong Concert Hall.

Familiar Christmas classic was adapted from a story by E.T.A. Hoffmann, entitled, "Nutcracker and the King." Set to music by Tchaikovsky choreographed by Lev Ivanov, the "Nutcracker" premiered in 1892 in St. Petersburg, Russia. The play made its debut in 1944 in San Francisco, under the direction of William Mason, who became artistic director for West in 1953. Since then, the story has been a traditional Christmas classic by the Utah company annually.

West's performance offered a new cast

which greatly enhanced the dancing movements of the play over last year's performance.

Karen Vendell performed in the matinee as Clara, the young girl who dreams of her nutcracker. Pamela Leighman took the part in the evening performance. Coming to life as the nutcracker prince to fight against the King Mouse and his followers was Corey Farris in the matinee and James Beaumont in the evening.

Vivian Cockburn and Suzanne Erlon soloed in the matinee and evening performances as the Sugar Plum Fairy, whose court performed in gracious splendor to reward the heroic actions of the nutcracker.

Coupled with the scenic backdrops and additional stage effects, the performance was a success. Highlights of the shows included a vocal interlude and the semblance of snow during the snowflake scene.

Dr. John T. Longhurst, Y carillonneur, will give an organ recital Friday.

BYU carillonneur sets organ recital

BYU's carillonneur, in charge of playing the Centennial Carillon, will perform an organ recital Friday at 8 p.m. in the Madsen Recital Hall, HFAC.

Dr. John T. Longhurst, associate professor of music, will include in his performance pieces by Johann Pachelbel, Cesar Franck, J.S. Bach, Felix Mendelssohn and Louis Vierne.

Dr. Longhurst has toured with BYU Faculty Artists' Bureau, has appeared as a guest organist at the Mormon Tabernacle in Salt Lake and is now in charge of the undergraduate music scholarship program at BYU.

He is also a state chairman of the American Guild of Organists for Utah and in 1974 was the adjudicator for the Organ Division of the Greater Spokane Music and Allied Art Festival.

Awards will be given at art display reception

Opening reception and presentation of awards for the Sculpture, Ceramics and Jewelry Invitational and Open Competition, sponsored by the BYU Secured Art Gallery, will be held Friday evening.

The reception is scheduled for 7-9 p.m. in the Secured Art Gallery, HFAC, with the awards presentation at 8 p.m.

Persons throughout the country were invited to participate, some entering from Ohio, California, Kan. and Hawaii. Their works were taken before a panel, who then decided which pieces would be entered in the contest and put on display.

This display of pottery,

statues, turquoise and silver jewelry and other sculpture, ceramic and jewelry items will be open to the public Friday through Feb. 6. It is located in the main gallery, HFAC.

Master thesis makes theater

LOS ANGELES (AP) — It's not often that a college student's master thesis gets a booking in a movie theater. That has happened to Jeff Mandel of UCLA.

His 20-minute film, "Sonic Boom," opened at suburban Westwood Theater to qualify for the annual race of the Academy Awards. The film is described as a satire on disaster movies, and Mandel induced a number of film figures to appear in it. Among them: George Kennedy, Jonathan Winters, Joann Pflug, Sal Mineo, Dick Martin, David and Rick Nelson, Lyle Talbot, Tom and Mark Harmon and Kent McCord. All donated their services.

Matmen meet Arizona

dropping a 23-13 to eighth-ranked State on Tuesday the BYU wrestling team in Arizona this still trying to settle up. Injuries and weight have forced Coach Davis to continually his squad, resulting in the slowest starts in years at BYU. The Cougars are now 3-3 in meets going into Friday at 1 and Saturday at 1. State. BYU will be against the Wildcats on but the Sun Devils

Sports

The Daily Universe

in Tempe return most of last year's team and have added some outstanding recruits. Heading the BYU effort will be seniors Steve Sanderson (11-1 at 142) and Alan Albright (9-1-1 and now at 158). Both were winners against Oregon State. Other impressive wrestlers were Brad Hansen, who has dropped from 177 to 167, and Bill McCready, who was making his first start of the season. Five other positions will probably remain the same. They are Sam Orme at 118, Mark Baker at 126, John Mecham at 134, Chad

Teichert at 150 and Mark Uehlein at 177. McCready will be at 190 and either Neils Tidwell or Tom Schmidt will be the heavyweight. "We were disappointed with our shape against Oregon State," said Davis. "Our training was interrupted by the semester break and we didn't drop weight very well. "But we still have the makings of a strong team and should have won two more matches against Oregon State. We should show lots of improvement during the next six weeks." The Cougars will host the WAC championships Feb. 27-28. Their next home action is Jan. 16 against Portland State.

Alan Albright, BYU's 158-pound wrestler (right), prepares to move in for a take-down against his opponent from OSU in Tuesday night's match.

Ticket handout today for game

Tickets for Saturday's basketball game will be distributed today in the East Ballroom by social security number.

Y Icecats demolish S.L. team

The BYU hockey team exploded with seven points in the third period to defeat Arby's of Salt Lake Tuesday night, 15-1.

The Cougars outscored Arby's in the first period by 6-0, 2-1 in the second period and 7-0 in the third. The win brings their record up to 5-4-1.

Six BYU players scored during the game. Player-coach Joe Bernardy was the leading scorer, with four goals. Bob Gerber scored three goals, and Bill Fleming, Mike Ryan, Bill McKenzie and Mark Ashton all scored two. McKenzie led in assists with five.

BYU goalie Scott Kearin had six saves for the Cougars. Opponents of the Icecats are averaging 2.3 goals per game, while BYU is averaging 4.3.

Next Tuesday the Cougars will play Buzzards at Hygeia on 21st South in Salt Lake City. Buzzards is last in the league, with Utah first, BYU and Bountiful tied for second and Arby's third.

BYU has two players who have returned from last year. Mike Ryan, a forward, and Rob Humphreys, a defenseman.

Miller doubts repeat of feats

TUCSON, Ariz. (AP) — Johnny Miller, describing himself as "a realistic person," says he does not anticipate or even hope for a duplication of last year's heroics in the Arizona desert.

"I'll probably never play like that again," Miller said after a practice round over the wind, sprawling, cactus-studded acres of the Tucson National Golf Club course, site of the \$200,000 Tucson Open that kicks off the 1976 pro golf tour today.

"Maybe sometime, someday, somewhere, someone else will play like that, but I don't expect to," Miller said. "That was Dreamsville."

Each of the past two seasons Miller has added victories in the Tucson and Phoenix Opens to phenomenal years that have propelled him to the front rank of the game's greats.

In sweeping both tournaments last year, he did it with eight consecutive rounds in the 60's — including a pair of 61's. He led all the way in both events. He won by a combined total of 23 strokes and was an incredible 49 under par for the two events.

Now the game's new Golden Boy is faced with the challenge of trying to match that remarkable performance.

"Realistically, I can't hope to," Miller said. "I always go in to a tournament trying to win, thinking I'm going to win. I want to win. But there's no way I can predict anything like what happened last year."

But he has some things going for him.

"In '74 and '75, I came here with momentum. I'd won my last event of the year before. I was coming in off a win."

"In that respect, this year is very much the same. I won my last event, the individual title in the multi-national World Cup of 1975."

"So, just like the last two years, I'm coming in off a win. I've got momentum. And I'm playing good. My first round, about a week ago, I was playing real good. My putting may not be as good, but I'm a streak player. My putting is funny. Just one little adjustment and I can have it back."

Even with his disclaimers, Miller ranks as a solid favorite for a \$40,000 first prize in the event that leads off the 44-tournament, \$9 million pro tour.

The 150-man field is extremely strong, perhaps the best this old event has ever had. Player of the Year Jack Nicklaus and South African Gary Player are the only major names missing.

Among the leading contenders who will fight the 7,200-yard desert layout are U.S. Open champion Lou Graham, British Open king Tom Watson and million winners Lee Trevino, Tom Weiskopf, Billy Casper, Gene Littler and Bruce Crampton.

And there's the familiar figure of Arnold Palmer, now 46 and still seeking a return to the level that made him the most popular player the game ever has known.

Portions of the final two rounds of the 72-hole test will be televised nationally Saturday and Sunday by NBC-TV.

Puppet group Third party seeks needs students new county leader

A children's theater group that works with puppets is looking for help this semester.

The group, called the Whittin' Whittin' Brigade, will hold auditions today at 10 a.m. and 4 p.m. in the Pardee Green Room, HPAAC.

The Whittin' Whittin' Brigade, headed by Dr. Harold Oaks, needs about seven male and female students interested in puppeteering, to help out.

The troupe will be performing during the semester in different elementary schools in the area.

Tracy Evans, one of the co-directors said that the show will contain bits and pieces of American history and they will need male voices, but that anyone is welcome to audition.

The American Party of Utah County will hold a meeting Jan. 22 at 7:30 p.m. in the Provo City Utilities Building to elect a new County Chairman.

Will Christensen, a delegate to the national committee for those interested to call him at 375-9681 between p.m., or at 377-8833 after 5 p.m.

The new chairman will replace Larry Lilly, of Spanish Fork, who resigned as county chairman in December. The candidates running for the office, Wendell Collins, Springville and Dean Robinson of Provo.

Collins attended BYU one year and served four years in the Air Force. His church activities include two missions and three years as a building supervisor. He is an assistant High Priest Group Leader.

Robinson is married and has six children by a previous marriage, two steps and five foster children. He is currently serving as the first counselor in the LDS Church in Illinois and Wisconsin and returned in 1971.

Robinson is currently serving as the first counselor in the LDS Church in Illinois and Wisconsin and returned in 1971.

Robinson is currently serving as the first counselor in the LDS Church in Illinois and Wisconsin and returned in 1971.

Marriages on decline, Census Bureau

By MIKE MOORE
Associated Press Writer

Marriage apparently only with young Americans, remaining single and those who are divorcing or at higher rates, the Census Bureau report released Tuesday on its nationwide annual conducted last March, the number of persons

between 25 and 34 years of age who never married has increased by about 50 per cent since 1970, from 2.9 million to 4.2 million persons.

As a result, the number of persons in the young adult age group living away from their parents' homes rose from 592,000 in 1970 to 1.2 million in 1975, the study said. It reported that the percentage of young adults living alone increased from 21.2 per cent of all 25- to 34-year-olds to 28.5 per cent during the five-year period.

Census demographer Arthur Norton said the trend of young people living

away from their parental home may level off soon, however. He cited bureau surveys of social indicators which show "there still seems to be a high regard for family life," although he said statistics have yet to reflect a leveling trend.

Divorce increases

On dissolution of marriages, the report noted that in 1975, 10 per cent of all persons 25 to 54 years old who had ever married were reported as either divorced and not remarried or separated. The 1970 figure was 7 per cent.

One consequence of higher divorce and separation rates has been an increase in the number of families headed by women and the number of children living with only one parent.

2nd count for suspect in kidnap

MURRAY, Utah (AP) — Theodore Bundy, a former University of Utah law student facing a charge of aggravated kidnapping, has been scheduled for a preliminary hearing in city court here Jan. 20 on a misdemeanor charge of attempting to evade a police officer.

Bundy, 29, from Tacoma, Wash., was charged in a complaint signed by state police after he allegedly attempted to evade being stopped Aug. 16 in Murray, said a county attorney.

Bundy already has pleaded innocent to a charge of possession of burglary tools stemming from that arrest. A trial date on that charge, also a misdemeanor, has not been set.

The former campaign aid for Washington Gov. Dan Evans was arrested last fall and charged with aggravated kidnapping. He was accused in the alleged abduction Nov. 8, 1974, of Carol DaRonch of Murray and is scheduled for a trial on that felony charge Feb. 9.

A fourth charge against Bundy, fraudulent application for a motor vehicle title, was filed last November and alleges that he applied for a duplicate title on his car at the same time the original title had been used as security on a bail bond.

Action on that misdemeanor charge is still pending.

Expert to talk on economics

A former consultant for the President's Council of Economic Advisers, Dr. Lester Carl Thurow, will speak today at 10 a.m. in the Varsity Theater.

Born in Livingston, Mont., Dr. Thurow graduated from Williams College in 1960 with highest honors in political economy. He attended Oxford University as a

Rhodes Scholar where he earned a master's degree with first class honors in philosophy, politics and economics.

He then earned his M.A. and Ph.D. degrees in economics at Harvard University in 1964. During 1964-65 he served as staff economist for the President's Council of Economic Advisers, then as consultant for the Council for the next three years. At this time he was also an assistant professor of economics at Harvard.

For the past six years, Dr. Thurow has been a weekly

Dr. Lester Carl Thurow... adviser to U.S. president.

economic commentator for a Boston television station. He has written eight books, contributed to 12 others and has written numerous articles for a wide variety of publishers.

ready

New Middle East war feared

Jordan (AP) — A new Middle East war than ever, Jordan is p its armed forces into a new system, an air defense system using Hawk missiles, and armor and infantry.

afraid of a new war in the Middle East, but there is a winner. Any would only be sitting on its hands.

Jordanian Minister Salah said. Jordan is busy pushing its moderate policies in inter-Arab councils, taking particular advantage of a recent normalization of relations with Syria.

But Jordanian war fears are eased by a sense that while still heavily outgunned by Israel, the nation is better able to deal with new hostilities than it was in 1973, when it only belatedly sent troops to fight on the Syrian front.

The new weapons will include 14 batteries of U.S. Super Hawk antiaircraft missiles, self-propelled Vulcan rapid-fire antiaircraft guns, shoulder-fired Redeye missiles and integrated radar

control.

The U.S. Congress approved the huge arms sale recently after a controversy raised by pro-Israeli congressmen last summer.

Jordanians will be trained in America to man the system. The first of the 14 Hawk batteries will be delivered later this year and installation is scheduled for completion in 1978.

Two-thirds of Jordan's ground forces are now mechanized, Akrabawi said, and all will be mechanized within 18 months. Jordan is buying trucks, armored personnel carriers and troop-carrying helicopters.

The United States has supplied a factory in which

Jordan's 150 M48 tanks are being upgraded with 105 millimeter guns and diesel engines.

The air force is emerging as an elite service whose American-trained pilots are considered among the best in the Middle East.

Bank robber demands birdseed from hostage

CULVER CITY, Calif. (AP) — Federal authorities are scratching their heads over how to charge a man who held up a bank and demanded birdseed — a lot of birdseed.

Miklos Petrovics, 40, was taken into custody by FBI agents Tuesday without violence after an incident in which he allegedly held the manager of a Bank of America branch in a shopping center in this Los Angeles suburb hostage for nearly two hours.

Wanted birdseed

After the incident, bank manager Joe Ferguson said, "He wanted birdseed."

"He said pollution was killing his birds. . . . Birds were falling from the sky. . . . We should take care of his birds."

The man also urged that "we should all go down to the seashore and cleanse ourselves," the bank manager said. "He said he had done it several times himself, but that it was very cold."

Bank robbery

The 40-year-old bank manager said Petrovics came into the bank at about 2 p.m. and jumped a guard.

The man ordered Ferguson to have all the bank employees and customers leave the building and demanded that Ferguson call all branches of the Bank of America — the nation's largest commercial bank with more than 1,000 offices in California — and "have

each of them send a truckload of birdseed to this branch."

Ferguson said he called one branch requesting birdseed and then called police with Petrovics' permission.

The man spoke on the telephone for nearly 30 minutes with FBI agent John Hall, who then came to the scene.

Suspect arrested

As Hall entered the bank, police rushed in and captured Petrovics. Authorities said he joked with officers as they handcuffed him.

Phillip Stone, special agent with the Culver City police, said Petrovics directed him to a 38-caliber revolver he said he placed in a desk drawer after taking Ferguson hostage.

Charges uncertain

Because Petrovics did not demand money, federal authorities were not certain what charges would be filed.

"The U.S. attorney will check on bank robbery charges, but there will at least be other violations," FBI Special Agent Elmer Lindberg said.

Then again, since he disrupted operations of the bank, Lindberg said, Petrovics might be charged with interfering with commerce.

Later Tuesday night, Culver City authorities booked Petrovics for investigation of robbery, but federal authorities had yet to decide what to do.

Generator increases power ebb

GRAND COULEE, Wash. (AP) — It's like a giant money machine, producing power revenue of about 1,800 an hour.

And even though it has been in operation only since last August 31, U.S. Bureau of Reclamation officials say it has earned more than \$2.9 million in revenue in 1975.

The figure reflects about 985 million kilowatt hours of electricity generated during 1975.

The "it" is Unit 19, a huge hydroelectric generator in the Third Powerplant of the bureau's Grand Coulee Dam.

Unit 19, with a generating capacity of 600,000 kilowatts, is the world's largest hydroelectric generator. It is the first of six Third Powerplant generators scheduled to go on the line by 1978, the bureau says.

Refiners charged in price fixing

LOS ANGELES (AP) — Two oil companies have been fined \$50,000 each for illegally fixing the price of gasoline in five Western States.

Phillips Petroleum Co. and Douglas Oil Co. of California both entered no contest pleas to the charges. Indicted along with Phillips and Douglas last March 19 by a federal grand jury were Powerline Oil Co. of Santa Fe Springs, Fletcher Oil & Refining Co. of Wilmington, Golden Eagle Refining Co. of Los Angeles, and MacMillan Ring-Free Oil Co., Inc., of New York.

Those four firms were fined \$50,000 each by Lucas last July 18 following similar no contest pleas.

The government charged the firms with violations of the Sherman Anti-Trust Act by fixing prices on wholesale rebrand gasoline sold in California, Arizona, Nevada, Oregon and Washington, starting in July 1970.

Try to get the hang of it.

Face it...you've always wanted to fly! Most of us remember that feeling...and for a lot of us it never went away. If you're one of those, Air Force ROTC can get you winging. Our Flight Instruction Program (FIP) is designed to teach you the basics of flight.

We don't do it with a hang glider but the FIP does include flying lessons in light aircraft at a civilian-operated flying school. The program is an extra given to those who want to become Air Force pilots through Air Force ROTC. Taken during the senior year in college, it is the first step for the guy who wants to go on to Air Force pilot training in jets after graduation.

Air Force ROTC also offers scholarships...\$100 a month allowance...plus it pays for books, and lab fees in addition to full tuition. This is all reserved for the guy who wants to get the hang of Air Force flying.

For further information stop in at Room 380 Wells ROTC Building or call Ext. 2671

Put it all together in Air Force ROTC.

Mine shut, so strikers cut off city

TEL AVIV, Israel (AP) — Almost 5,000 tourists were trapped in Israel's Red Sea resort of Eilat Monday by strikers protesting the closure of copper mines dating from Biblical times.

Eilat's airport and harbor were closed as angry copper miners blocked the desert road into town with a barricade of earth-moving machines. The town of 20,000 declared a general strike after a government committee decided Sunday to close the Timna copper mines — which have operated since the time of King Solomon — because of a \$9 million operating loss.

The low world price for copper and the high cost of mining at Timna made the closure imperative, said a spokesman for the copper company.
